# ADAM COMPUTER SOFTWARE CATALOG

Walters Software

### **The Vase of Turr D/DDP \$19.95**

Search for the sacred vase of Turr in an under ground maze. As an adventurer you must unlock the mystery of the vase, but act fast or someone might solve the mystery before you. Make sure your flashlight is in good shape because you never know what you might find in a cave. 100% machine coded program with on screen graphics, back ground music, sounds, and graphic smartkey displays.

The Vase of Turr clue book \$1.00

### **Formatter 3 D \$9.95**

The most comprehensive disk formatter ever written for the Adam computer. Format disks in one or both drives at the same time. Automatic detection of drive size, eliminates manual settings. Uses any combination of drive sizes, 160, 320, 720, and 1 meg. Verify option includes read, write, and both. Custom volume names, initialize option, disk status, and system status checks. Disk drive required.

### **RamBOOT D/DDP \$19.95**

With RamBOOT and a 256K memory expander, or larger, you can switch between four software programs with one key push. Select the program you wish to use from RamBOOTS main menu. Hold down the control key and push delete to return to the menu. Programs boot in about 2 seconds and have ramdisk capability. Dot matrix printer drives for SmartWRITER and SmartBASIC are included. Requires a memory expander.

### **Special !!**

**Buy two Walters Software programs and get a third one free. You pay for the two most expensive programs and get the lesser one free.**

### **SmartDSK I D/DDP \$9.95**

Uses any memory expander as a high speed ramdisk, with the options to use the Adam printer or a dot matrix printer. All SmartWRITER printer features work, underline, super and subscript, ect., with a dot matrix printer. Compatible with all SmartDSK utilities and programs. Can be used with or without a memory expander.

### **SmartDSK II D/DDP \$9.95**

This program, sets up a ramdisk for ADAMCalc, Flash Card Maker, SmartBASIC 1 & 2, and more. Uses data drive number 2 smartkey to select the ramdisk. Uses any memory expander, ADAMCalc requires at least 128K. Utilities included. Memory expander required.

### **SmartDSK III D/DDP \$24.95**

Designed for use with either SmartBASIC 1, or 2, this program has it all. Contains the most comprehensive basic utilities ever written for the Adam computer. Uses any memory expander as a high speed ramdisk, more blocks free, 256K expander produces a 252 block ramdisk drive. Automatically corrects the media size when coping from two different size drives. Dot matrix printer drives, and fast run programs included.

### **PrBOOT D/DDP \$9.95**

With PrBOOTS transfer program you can save up to six software programs on a disk (320K), ramdisk or data pack. Then boot prBOOT and select the program you wish to use. Booting programs from the ramdisk is super fast. SmartBASIC takes about 2 seconds. It's very convenient to have six programs on one media, and booting from the ramdisk saves disk drive wear. SmartDSK and memory expander required to boot programs from the ramdisk.

### **AutoBackup D./DDP \$12.95**

Two unique programs to be used with SmartDSK II or III. AutoLoad copies the Contents from a disk or data pack to the ramdisk. AutoSave copies the contents of the ramdisk to a disk or data pack. Use any size memory expander, PrBOOT can also be used with AutoLoad to boot software from the ramdisk. Memory expander required.

### **Librarian D/DDP \$9.95**

Tired of typing in all those file names to create a data base. Why not let Librarian do the work for you, just insert a disk or data pack into a drive and wait while Librarian does all the work. Use SmartFILER to read the data base. SmartFILER required to read the data base.

### **RamDSK 1 / RamDSK 2 D/DDP \$8.95 each**

RamDSK 1 is a ramdisk program for SmartBASIC 1, RamDSK 2 is a ramdisk program for SmartBASIC 2.

### **Media-Aid-Plus/ Media-Aid-Plus 2 D/DDP \$9.95 each**

Complete set of utilities for RamDSK, Copy, Init, Format, Purge, Modify, Toolkit, Manager, and more. Media-Aid-Plus is for SmartBASIC 1, Media-Aid-Plus 2 is for SmartBASIC 2.

### **Data Pack to Disk Mods. Instruction sheets \$2.00 each.**

These original Mods were done by Jim Walters of Walters Software Co. Buck Rogers, Donkey Kong, Donkey Kong Jr., Zaxxon, Best of B.C., Richard Scarry's, Dragon's Lair, 2010 Text Adv., Jeopardy, Recipe Filer, SmartLetters, Flash Facts(3), 5 screen Donkey Kong Jr.. and more.

### **Modify Software D \$3.50 each**

Data pack to disk software already modified on disk.

**MacAdam Manual \$19.95**

Written by James Casey Sr. this is what all us MacADAM users have been waiting for. This manual covers everything, MacADAM P.D. program and Demo programs included, specify disk or data pack.

**Jeopardy Question Pack D/DDP \$9.95**  
**Family Feud Question Pack D/DDP \$9.95**

Additional questions for these great games, written by Walters Software Co.

**Jeopardy Writer D/DDP \$9.95**  
**Family Feud Writer D/DDP \$9.95**

Write your own question packs for these great games.

**Adam Public Domain Software \$1.00 each D \$ 2.00 D.D.P.**

**Games** - Jeopardy, Subroc, Donkey Kong Jr. 5 screen, DamBusters, FrontlineDemo, Troll's Tale, Pinball/Mack, Tunnels N Trolls Demo, Video Hustler, Buck Rogers, Cabbage Patch Kids, Temple of Apshai, The Best of B.C., Fall Guy, M.A.S.H., Super Cobra, Memory Manor, Artillery Duel, Tomarc the BarbarianYolk's on You, Wismath, Word Feud, and more.

Terms - Check or money order. Add \$5.00 for shipping and handling. Canadian orders (U.S.) funds only. Send Stamp for catalog.

### **Adam's Desk Top (Cart.) \$39.95 D/DDP \$24.95**

Adam's Desk Top uses a new modified EOS operating system to bring you a graphics desk top program to make your Adam work better for you.

- \* Options include ramdisk setup, init and reset.
- \* Program booting with Standard Adam, Standard Dot Matrix, and SmartDSK operating system.
- \* SmartWRITER setup with SmartDSK operating system, ramdisk and dot matrix printer.
- \* Boot Tools which allow you to boot almost any program from the ramdisk.
- \* Copy Tools which will back up a larger drive to a smaller drive.
- \* Quick ramdisk load and save options.
- \* Ability to have many software programs on one media.
- \* select program to boot from graphic file card.

### **EOS Programing Kit D/DDP \$29.95**

A programing kit to help you get started in Adam EOS programing. Routines include Smartkeys, File Card, Key Sounds, Text Entry, Box and Line Plotter, File Load, and more. Example program and setup manual included.

### **Decimal Disassembler D/DDP \$19.95**

A complete decimal disassembler program. This program will disassemble from Adam's memory or from a media. Complete offset capability, data dump, and much more.

**Custom Adam Cartridges Available call for prices.**

### **SmartBASIC V1.1 (Cart.) \$24.95**

SmartBASIC Cartridge can be modified to suit your needs. Please specify default drive and SmartBASIC version. Your special version can be installed in a cartridge. Call !.

### **SmartDSK Cartridge (Cart.) \$29.95**

The SmartDSK Cartridge plugs into your Adam computer cartridge slot. To boot the program in the cartridge, just pull the cartridge reset switch. This powerful utility program contains the SmartDSK operating system (EOS9), that sets up your memory expander as a high speed ramdisk. The only ramdisk that utilizes the entire expander, giving you more usable blocks and the ability to boot a program that was copied directly from a disk or data pack. Options include load ramdisk, save ramdisk, boot ramdisk, boot drive, load program from drive, and load program from ramdisk.

### **SmartMATE Cartridge (Cart.) \$39.95**

This utility cartridge is to be used with the Micro Innovation PowerMate hard drive unit. Two operating systems are included, (SmartDSK and EOS5), both with hard disk drivers installed. SmartWRITER works with sound and more advanced dot matrix printer drivers, options also include a line spacing option. Copy utilities include a block 0 copy to setup a boot file, file copy and media copy that will backup a larger drive to a smaller one. Drive boot options also lets you boot any EOS volume that contains a block zero boot. Hot key to boot Volume 0 of the hard drive, ramdisk capability with all SmartDSK useable programs and much more.

### **Project Name By Line (Cart.) \$24.95**

This cartridge contains the best graphics program available for the Adam computer to date. It was designed to run from cartridge and is much more reliable than from the disk version. Used to design Coleco Super Games. Cartridge can capture screens from most Super Games.

### **The Print Works D/DDP \$24.95**

This is a print shop program for the Adam Computer and a dot matrix printer. Design banners, letter heads, greeting cards, signs, and more. Utilities include, transfer options to move system files, fonts, clips, and borders, to the ramdisk for faster access. Configure clips and fonts to use with the Print Works. Fonts and clips can be three sizes, regular, two times, and four times the regular size. Overlay borders and clips with text, even overlay text with other text. Use up to 77 different clips on a sign without overlay. Mix different sizes and styles of fonts, all characters are used, even in larger font sizes. Display clips, fonts, and page layout. Several custom clips, fonts, and borders are included. Graphic smartkey driven, requires a parallel interface and 9 pin dot matrix printer, ramdisk option requires a memory expander.

### **BordersPLUS D/DDP \$9.95**

This add on package of borders is to be used with The Print Works program. Includes 12 new custom borders, plus bonus clips and fonts. Great addition for an already great program.

### **The Label Works D/DDP \$24.95**

Give your labels that professional look with The Label Works. Include a clip art picture with standard size mailing labels. Four type styles are available, elite, italicize, compressed, and expanded. Text and clips are printed in double strike mode, giving them a much bolder look. The work space can hold up to 200 address labels, and can be saved as a file. A special feature lets you mark labels in the work space to be printed, GREAT for your Christmas list. Edit and print labels in the work space, custom label entry features up to 10 lines with up to 40 characters per line. Epson compatible 9 pin dot matrix printer and parallel interface required.

### **Clip Art Viewer and Converter D/DDP \$24.95**

Automatically view, one at a time, a complete media full of clip art pictures. You select the speed to view your clips. Catalog all your clips on 8 1/2 by 11 inch computer paper. Catalog option prints 7 clips across with their file name below. This helps you conveniently find the perfect clips for all your Adam projects. Convert 2K clips to 1K clips, and 1K clips to Print Works format. Convert thousands of IBM print Shop and Print Master public domain clip arts to Adam format. Over 100 IBM format P.D. clips included free.

### **SpellingAID D/DDP \$19.95**

The best spelling checker for the Adam computer. Works with standard system or with any memory expander up to 512K, the larger the expander the more words you may have in the dictionary. Over 12,000 words included, select from 5 different screen colors, add, modify, save, and load dictionaries. Check, modify and change words in your files. Checks SmartWRITER, Speedywrite, and standard ASCII files.

### **MisSpeller D/DDP \$9.95**

A complete misspellers dictionary, to be used with SpellingAID. Contains over 15,000 of the most common misspelled words, in both SmartWRITER and SpellingAID files. You may use the files as is or create your own custom dictionaries, Requires SpellingAID.

**Special offer !!**

**SpellingAID and MisSpeller D/DDP \$24.95**

Post-It D/ \$9.95 DDP \$10.95

Post-It is a program to help Adam users with their notes. Why not use your Adam instead of your refrigerator. You can also save little notes about your Adam. Post-It files take up very little space on a disk or D.D.P., about 1K. Post-It files are SmartWRITER compatible so you can send or give a Post-It file to your friend even if they don't own the Post-It program.

ADAM'S ToolKIT D/DDP \$24.95

This new program from W.S.C. is the most comprehensive block editor ever written for the Adam Computer. Options include both ASCII and Decimal buffer screens. Move and Clear blocks of memory within the buffer. Search for up to four numbers in a buffer. Print screen options for both Adam and dot matrix printers. Page up and down option. Modify the buffer in ASCII or Decimal. 32K buffer, offset feature, buffer Load and Save, Buffer Auto Save, and Block Copy option. Media Tools include Zero media, Format Disk, and Init media. Ramdisk available with optional memory expander.

Screen Saver D/ \$9.95 DDP \$10.95

Screen Saver will prevent damage to your TV or monitor screen. Screen Saver has two options, the first option will display a different color on your TV or monitor every 5 to 10 seconds. The second option will completely blank out the TV or monitor screen. The blank screen is not a black but a blank screen, no color. Both options will allow you to boot the Adam's Desk Top or another cartridge by pushing the ESCAPE key. By using either option you will save your TV or monitor screen from damage when your computer is left on for an extended period of time.
