## First there's the basic console

capable of high-resolution graphics, precision game play plus a cartridge collection already featuring the cream of the arcade crop. Donkey Kong™ cartridge is already included! But what's a great game without great controllers? The basic controller comfortably combines an 8-direction joystick for split-second decisions with a 12-button keypad for more game options. All products are warranted by Coleco; to write for copy, see p. 323.

## Atari 2600 compatibility

Hook up expansion module (2) and choose your action from the world's largest combined cartridge library!

## Lightning-fast control, just like the arcades

Just roll your palm over the speedy Roller Controller (3) and watch your on-screen buddy react almost at the same instant. Spin free-rolling ball faster and the whole game tempo picks up. Table-top module has twin ports to hold regular ColecoVision controllers for keypad and fire functions. In Slither, the game that's included, you must blast your serpentine pursuers. Or play 2 new games, Front Line (H) and Time Pilot (J) sold at left.

## From your easy chair, to driver's seat

The TV is transformed into the windshield of a high-performance racing machine. Before you is an incredible array of vividly detailed, hair-raising scene changes forcing you to make split-second, death-defying decisions. Table-top driving module (4) includes arcade-style steering wheel and foot-operated accelerator. Your regular ColecoVision™ controller mounts on the dash for smooth gear shifting. Turbo racing cartridge is included plus use module to play the new Destructor game (5).

## Get a grip on the game

Your batter swings... ball and bat connect... it's a home run! Super Action hand-grip controllers (6) feature 4 fingertip trigger switches plus 8-direction joysticks. Speed roller lets you control game tempo. The included Baseball cartridge lets you choose close-ups of the batter-pitcher duel, insets of base action or a complete full-field shot.
